

Do you know that you are programmed to be who you are at this moment, with all your predicted successes and failures?

"Civilizations have been born and completed and then forgotten again and again. There is nothing new under the sun. What has been. All that we learn and discover has existed before" (Colonel James Churchward, 33rd degree Freemason). However, "each generation imagines itself to be more intelligent than the one that went before it, and wiser than the one that comes after it" (George Orwell, 33rd degree Freemason).

Maybe you've been able to somehow challenge the system in which you've been raised by achieving some things that weren't expected in your lifetime while complying with many others that you weren't in favor of, but surely you didn't transform it enough, or you would have lost friends, relatives, jobs and even love. "Anyone who challenges the prevailing orthodoxy finds himself silenced with surprising effectiveness. A genuinely unfashionable opinion is almost never given a fair hearing" (George Orwell, Freemason).

Do you remember quitting your dreams? It was supposed to happen. Any advice received from people around you, especially the ones that love you the most, were fabricated to make you follow the same mind programming in which you and them are included so that nobody goes out of it. "If thought corrupts language, language can also corrupt thought" (George Orwell, Freemason), and that's how the sentences heard since you were born, from parents, teachers and friends, as well as ideas strongly imposed by the media, conditioned the way you think as an individual.

This programming is so strong that interferes with our emotions and affects our personality. Nonetheless, within this book a path is shown to deprogram yourself, develop the power of being aware of the universal truth and change life as much as you want it to be changed. Hopefully, you'll "stretch thinking and awareness" while "uncovering many truths" just like other readers of this bestseller recognized to have accomplished.

We're now living in the Age of Aquarius, and "as Aquarius is an airy, scientific and intellectual sign, the New Faith for this age must be rooted in reason" (Max Heindel, Rosicrucian Fellowship). This is the prophecy and this book shows the way to understand it and accept it by alchemically transforming your conscience and spirit for the order of the new world.

Taking into consideration the amount of information presented here and the level of simplification applied, this is surely the most empowering, enlightening, complete and uplifting book you'll ever read in your entire life about gaining wealth, power and health with the law of attraction.
